

Soundings

NORTH BAY YACHT CLUB P.O. BOX 1171, NORTH BAY, ON P1B 8K4

IMPORTANT INFO

This is just a short Soundings to let you know about a few key things over the next few weeks.

NOTE ABOUT MASTS:

Anyone who has masts on the lawn will have to move them within the next week. Scott, our student, will be starting to cut the lawn, and we don't want any lines or halyards cut!

Race Meeting

Tuesday, May 25 at 7 pm.

At NBYC clubhouse

Due to the low water levels, we have come up with a Plan B. There are a few members with Lasers and Wayfarers, plus the club has two Wayfarers. So, let's go racing! Plans include teams of two, racing one of two races per night, sharing boats, etc. Attend and give input into how to get as many people racing as we can!

Water Levels Presentation by MNR

Wed. June 2 at 7 pm

NBYC Clubhouse

Phil Hall, MNR, will be providing information on Lake Nipissing water levels. This one hour presentation will give us an opportunity to find out the processes and ask questions. Be sure to come out to discover what is involved in this complex operation.
